### MAN DECLARED DEAD TELLS OF SPIRIT DOINGS

Says He Met Loved Ones in Other World—Sorry He "Came Back"

ANNE, a 19-year-old John Fettering, market gardener, has no fear of death. In fact Fettering says he died, and liked it. It was no difficult thing, but rather a glad reunion with friends who had gone before and whom he found waiting and smiling on the other side.

Fettering, undergoing an operation, officially "died" during the operation. He was brought back to life by attending physicians, but Fettering says he died and liked it, everything perfectly. He believes he died, but he says "dying is easy if it's that way. I'm sorry I came back."

And while Fettering looked at death through his fingers, he stated today and regretted that the world

### VANCOUVER IN BANKRUPTCY MG'EE'S PLAN

Militant Mayor Tells Property Owners Issue Decided Monday

VANCOUVER, Feb. 9.—Bankruptcy is a step forward for Vancouver, but inevitable unless some arrangement is made where the city's bond interest rates are reduced, the city's first test. Mayor G. G. McGeer declared this morning in an address to Associated Property Owners of Vancouver.

He had maintained in having a meeting of city bondholders called here next Monday, the mayor said, when he will propose a 90 per cent. adjustment in the bond interest rate adjustment can be made. If he does not receive the support of the city's bondholders, he said, McGeer said he would recommend a receiver be placed in charge of Vancouver.

SANCTITY VS. EQUITY  
"We have paid war and post-war interest rates during the depression. His Worship said, "I am not prepared to pay the same rates. That is for the citizens to demand. That is for the citizens to demand a receiver and I shall not have to do it unless a receiver is appointed. If necessary, the public treasury will have to pay."

It is impossible to say that those who are fortunate enough to have bond holdings should be made to bear the same rates as the rest of the population. Current and future interest rates must be reduced.

COUNCIL OPPOSED  
A majority of the backing of the city council, but there are some signs of opposition. Unless I am supported by the bondholders, I shall demand a receiver and I shall not have to do it unless a receiver is appointed. If necessary, the public treasury will have to pay."

It is impossible to say that those who are fortunate enough to have bond holdings should be made to bear the same rates as the rest of the population. Current and future interest rates must be reduced.

### RIDEAU HALL FACES CHARGE BLACKJACKING

Severe Criticism Levelled at Governor-General for Scout Appeal

By THOMAS WAYLING

Exclusive to Edmonton Bulletin

OTTAWA, Feb. 9.—The use of a \$100,000 ransom paid to the Boy Scout movement is being charged in Ottawa against Sir Robert Borden. Letters have been sent out by His Excellency requesting that the Canadian government put forward a sum of \$100,000 fund for the Boy Scouts to compensate Sir Robert Borden.

Much resentment is felt, for the latter not only cities in some cases with other cities, but the Boy Scouts, president of the movement in Canada is quoted as having given \$100,000 to the Boy Scouts. It is put forward as to what the recipient of the letter should contribute.

One Toronto man was asked for \$100. Since members and seniors are to be fully touched for \$100, one wealthy contributor chipped in \$50. While it is customary for the Canadian government to make honorary patron or presentation to the Boy Scouts, this is the first occasion known where people have been assessed. Where His Excellency has been asked to contribute, it is intriguing people in the capital.

While the Boy Scout movement has been helped in Canada, and Sir Robert Borden-Powell highly esteemed, there is considerable sentiment in Ottawa that the Rideau Hall should participate in a drive for half of the \$100,000. The Canadian government can only charge that the money goes to help the development of the country, and the people are entitled to find money to keep going.

says the letter, "that the social stability that has been evident in Canada is due to the fact that the Boy Scouts have been passing may be justly attributed to the small donations made by the Boy Scout movement to many thousands of Canadians. ### YOUTH MARCH DESCRIBED BY DR. WALLACE

"U.S. President Speaker at Chamber Commerce Luncheon

"Youth is the most important or international as patriotic," said Dr. R. C. Wallace, president of the Edmonton Chamber of Commerce, guest speaker at a luncheon of the Edmonton Chamber of Commerce held Friday.

The youth of the world, Dr. Wallace's address was the subject of Dr. Wallace's

Explaining the processes by which youth gains mature judgments, Dr. Wallace said that the youth of the world can be acquired by personal experience. It was he, said, impossible to gain sound knowledge of the world by the experiences of others.

**EUROPE ACTIVE**

Youth movements, stated the speaker, are not new but from a co-operative standpoint there has been less activity in this field in Europe than in America. In such countries as Germany and Russia where parties had played a hand in the forming of youth movements.

This, said Dr. Wallace, was particularly true in Germany where youth in Germany which had rallied around the Hitler regime a hand in the forming of youth movements.

"Youth feels itself constrained by the conditions under which we are to live," said Dr. Wallace.

"They feel that there is no place for them and this has brought about a large percentage of emigration."

The conservatism now being shown in the United States was outlined by the speaker, who stated that the youth had proved to be six times as many young men who were neither at school nor working.

In the Bay System movements said Dr. Wallace, Lord Baden Powell was instrumental in bringing out the outstanding needs of boys of that age. There was not, he stated, any organization of boys of playing the game, combined with patriotism, loyalty, thought for others, and a sense of the connections with the great out-of-doors had proved instinctively the right thing.

"Personally I feel that the appeal to the sense of loyalty counts more than anything," said Dr. Wallace.

**MORE EFFORT NEEDED**

In conclusion Dr. Wallace stated that the world is in the process where no work of this type was being done for boys and girls. That was the reason that further effort as it was necessary that the older people should see that the younger people were helped over these difficult times.

As special invitation to the following day's meeting of the School Trustees convention were present Dr. C. A. Staples, Dr. J. Loveling, Mr. R. C. Wallace, Mr. J. Rogers, Mrs. W. D. York and A. Clarke.

## SALESMAN HELD UP BY NEURITIS

After 37 Years "On the Road"

### NOW HE'S RECOMMENDING KRUSCHEN

"I looked as though I was through with the line of work," says this commercial traveller. "But then, just before he had tried Kruschen for his neuritis, I said to him: 'Read what he has to say now—'"

"Some weeks ago I was so bad with neuritis that I could not stand on my feet, could scarcely walk. The pain was dreadful. I am a commercial traveller, and if I certainly had to go on the road with a good deal of pain, I would have given up my line of work. Then I got Kruschen Sals. as it helped him right. So I took a regular dose of Kruschen Sals. for a week. The next week ago, when I am pleased to say, the pain was completely gone. I have had no trouble since. I now sleep well in my coffee every morning. I have many friends that some of them have come to the conclusion I was selling Kruschen Sals. to them. I am still on the road, and have quite a few friends in this country."—W. A. D.

The neuritis and the sciatica are symptoms of deeper trouble—the same trouble that causes rheumatism, gout and lameness. They are a sign of an impure blood-stream. They show that poisons have crept into the blood. Kruschen Sals. keeps the organs of the body working actively so that all the important functions are removed from the system.

Kruschen Sals. is obtainable at all Drug Stores at 40¢ and 75¢ per bottle.

Marriage Standards

Now Much Changed

One of the reasons why there are more divorces now than there used to be is because we demand so much more of our husbands and wives than our grandparents did of theirs. Marriage is no longer a job in which any fairly intelligent, fairly well-meaning girl and boy can give their best. It is a job which requires a special kind of education, a profession on earth, and the one that calls for the greatest variety of talents in a man and woman for them to make a go of it.

We have raised our standards in matrimony as we have in music. Time was when we praised the efforts of the bungling amateur who played for us after dinner, and at mother's request, the girl who had been a good cook and a good housekeeper, who had wrangled ballads off her mother and with disastrous results when she hit a high note. But now nobody wants a wife who can't sing, and the wife of a daughter of the house and turn on the radio. And we do pretty much the same thing to marriage.

We can't imagine grandfather getting a divorce from the wife he had married to for 30 years, who had borne him children who had made him a millionaire, and who had cooked good meals to help him make his fortune, because she did not remain a permanent 38 and couldn't dance the Can-can like a flapper. Nor can we imagine grandfather getting a divorce from the wife he had married to when he was a swivel provider, because he decided that they didn't fit together.

Most interesting of all, perhaps is the fact that the wife who had been hampering her soul growth. Yet modern husbands and wives divorce for these reasons every day.

All that grandfather expected of his wife was for her to be a good helpmate and mother and to be a good housekeeper. She was a household and to be an agreeable companion. It never occurred to him that she might be a good magician who could step the clock and never get over 20 seconds. Or that she might be able to witsack like a night-club hostess or that it was any easier for her to be a good cook, adept at making bread and biscuits. Hence the number of wives who now go to expectation when we leg in Grandfather's time.

But Grandfather expects his wife to be a good helpmate and mother and to be an agreeable companion and in addition, he expects her to be a good cook, a good complexion and to be able to win a flapper at the R. C. He also expects her to be a good singer, a good dancer and to present such a variety of attractions that he will not be tempted to stray off after strange women. He expects her to know the latest dance steps, to be a swell dresser with nothing to her name, to be a good dancer in clubs and to make the social contacts that will be to his advantage.

## Strong Preparations Now Being Made For Boys' And Girls' Fair

### Stepping Along

By Ramsey Little

**T**HIS week the Provincial House opened its fifth and last session before the election. There is no definite program of a constructive nature will be advanced is yet to be determined. The last year of the previous sessions, this one will probably be as barren of progressive legislation as the others.

At Ottawa with many preliminary flourishes Mr. Bennett has introduced his budget and his Committee on his Reform Program, but a careful analysis of the subject matter proposed in the budget shows that the problem is again being attacked from the wrong angle.

Local government has as its object the alleviation of distress during the depression is primarily, but the main object of the government in sight of us, we must care the depression.

Then, there is the question of whether we may be content to accept "Seven lean years and seven fat years" as the motto of the country. We have only one more lean year to go, but most of us are of the opinion that the depression is man-made and must be man-cured.

**T**HE only people have are really tried to better conditions are the dictators. Some perhaps all of these are not to be blamed, but we must admit them for their honest attempt at a cure. We do not care to see one in this country, especially when fashioned along the lines of the Hitlerites. The Canadian government seems to have proved very futile in this time of stress. Democracy, as we know it, is based upon the will of the people and in a democratic country that will do the best for us. The presentation by us is not sufficiently interested to express their will, then how can we have.

The utter apathy of the average citizen is a real alarm signal. He takes, argues, argues or condemns, goes to bed and it is the same. He makes any vigorous effort toward securing remedial measures.

**T**HE shadow of communism and socialism! Present shadows would be the coming event.

The Canadian public has very little solid faith in its leaders, nor have they really warranted the confidence of the public. The greater part of the civilized world must depend for any improvement upon the will of the people and their will power. Many of the principal countries of the world have already been converted to communism, believing that the will of that one man will make up for the lack of will of the people.

In Canada we have not yet admitted the failure of self-government. The only way to get out of this is to get closer and closer when Mr. Citizens must make his decision, when he must take a stand, and be fully and active in interest in the affairs of government and in that way, the Canadian public will be fully interested in the affairs of government, or be prepared to accept the will of a dictator.

The Canadian government will eventually be solved, no doubt in quite a simple manner, but it will not be solved in a simple manner. The solution rests upon one major problem: distribution. We have to be sure, that every one in our sense methods of distribution; solve that problem and the other problems will adjust themselves.

**B**ruce Keith is Managing Director—Billed for Easter Holidays

**B**ruce Keith, energetic student of Strathcona High school, has been chosen as managing director of Edmonton's annual Boys' and Girls' Fair. It was announced this week that the 1963 edition of the exhibition of the arts of youth will be held during the Easter holidays, the 25th, 26th, 27th and 28th.

The fair is always keenly anticipated by thousands of local girls and boys who come to view creative exhibits in photography, art, home cooking, needlework, crafts, etc.

It is the spirit of fun and gaiety, which is its most notable feature.

Keith, an experienced and experienced fair man as Bruce Keith at the helm, it is not unlikely that the fair will be a success.

The new managing director has already commenced to surround himself with an efficient corps of directors.

In charge of the advertising department are Mr. and Mrs. Peter and Jack Saywell as managers. Jean McIntyre will head the department of the girls' fair, and Roland McLean will manage crafts and hobbies, and Claude Smith will be in charge of the boys' fair. All will be in the capable hands of Dunbar Hall, manager of the fair.

Keith's first afternoons meeting will be held to nearly 20 directors to head up the various departments and the names will be included in the appointments.

## CIVIC BOARD SHIES FROM CLARKE PLAN

Referred to Council With No Recommendation Made

Falling to agree at any definite recommendation to Mayor J. A. Clarke's proposed water works fund payments for the next two years, the charter amendment (bylaw) committee has submitted the proposal to city council for consideration without any recommendation. Whether the city will ask the legislature for power to put such a measure into effect or whether it will be likely made at council's regular meeting next Saturday night.

As a result of the Mayor Clarke's suggestion, the committee also passed on to council a recommended amendment which would give the city the right to equitably pay its debts over a period of 20 years. Under the present system payments are gradually reduced as the approach the maturity date. The amendment would give the city the right to pay off its debts in full per year for the life of the bonds.

In connection with the latter proposal, Ald. H. D. Ainsay explained to the committee that during the next five years sinking fund payments would amount \$477,000 per year. If payments were averaged, however, they would amount to \$23,850 per year as an average yearly payment during the term of the debentures. In this case, the city would have a considerable sum during the next few years and a smaller sum as debentures were paid off. An average figure could be set which would assist the city financially in its financial planning.

### MAJOR OBJECTS

At this juncture, Mayor Clarke objected to the committee "talking about major objects when we are not at all." He did not believe the committee should sidetrack the real purpose of the proposed deferred payment. He wanted the opinion that possibly his plan was the best.

Ald. H. D. Ainsay asked the feasibility of extending the term of the water works program by the method of reducing present sinking fund costs.
